GAO found that: (1) the percentage of field office managers and employees that perceived a decline in SSA service, performance, and morale increased; (2) managers and employees cited staff reductions as the primary reason for the decline; (3) although they perceived service quality as declining, most managers and employees viewed the current quality of many specific services as good, citing courtesy, explanation clarity, and thoroughness in claims development; (4) chief administrative law judges and their employees viewed the performance of SSA hearing offices as improved; and (5) field office managers and employees viewed SSA teleclaim and appointment initiatives favorably because they provided additional service options for the public and promoted efficiency. GAO also found that: (1) two prior surveys showed that clients were generally satisfied with SSA service and that SSA performance was generally stable; and (2) SSA held management forums in its regional offices to address employee concerns and solicit managers views about better management of staff reductions over the next 2 years.
