

Race: Antiquity and Its Legacy

By Denise McCoskey

I.B.Tauris & Co Ltd. Paperback. Book Condition: new. BRAND NEW, Race: Antiquity and Its Legacy, Denise McCoskey, How do different cultures think about race? In the modern era, racial distinctiveness has been assessed primarily in terms of a person's physical appearance. But it was not always so. As Denise McCoskey shows, the ancient Greeks and Romans did not use skin colour as the basis for categorising ethnic disparity. The colour of one's skin lies at the foundation of racial variability today because it was used during the heyday of European exploration and colonialism to construct a hierarchy of civilizations and then justify slavery and other forms of economic exploitation. Assumptions about race thus have to take into account factors other than mere physiognomy. This is particularly true in relation to the classical world. In fifth century Athens, racial theory during the Persian Wars produced the categories 'Greek' and 'Barbarian', and set them in brutal opposition to one another: a process that could be as intense and destructive as 'black and 'white' in our own age. Ideas about race in antiquity were therefore completely distinct but as closely bound to political and historical contexts as those that came later. This provocative...

Reviews

Undoubtedly, this is the best job by any article writer. This really is for all those who statte that there was not a worth reading. I am very easily can get a enjoyment of reading a published pdf.

-- **Rowena Leannon**

Great electronic book and useful one. It can be writter in straightforward terms rather than difficult to understand. Once you begin to read the book, it is extremely difficult to leave it before concluding.
