Dr Kinney takes off into space in this unique omnibus These are the four colourful space opera adventures of Dr. William Kinney and his team of scientists and technicians written by the almost as colourful Homer Eon Flint. These brilliant tales will delight all enthusiasts of early science fiction. Join Kinney and Co. aboard their sky car for a flight to the planet Mercury to investigate why it is a place of death and fallen civilisation. On Venus, in a hothouse society beneath a dome, live bizarre humanoid people, highly evolved and reaching for spiritual nirvana but is all peace and tranquillity? Experience with Dr.Kinney and his companions the strange sensation of out of body transportation as they journey to the planet Capellette, where they support revolutionaries to overthrow despotism. Finally our intrepid team transport themselves to the planet Sanus where highly evolved bees rule. In the hive city it is humankind that is held in thrall as the price for its devastation of the environment and Kinney must ensure that Mankind is given another chance. These are Dr.Kinney s complete adventures available in one volume from Leonaur in softcover and hardcover with dust jacket for collectors.
