

Electro-Therapy with the Morse Wave Generator (Classic Reprint)

Filesize: 5.09 MB

Reviews

A brand new electronic book with a new standpoint. It is written in basic phrases rather than confusing. It has been designed in an extremely basic way which is merely right after I finished reading through this publication where basically altered me, change the way I believe.
(Kitty Crooks)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Electro-Therapy With the Morse Wave Generator In the following pages the writer will attempt to give, necessarily briefly and dogmatically, sufficient information for the intelligent use of the alternating and continuous, or galvanic current, in disease. This book is intended for those, who have neither time nor inclination to study larger works on the subject. The instruction given in the following pages are for the guidance of those who are unfamiliar with the technique of wave-current therapy and the many phases in the use of the galvanic current, and who further have had no didactic or positive instruction in the use of the application of electricity in treatment of disease, and are apt to hesitate as to methods and dosage, and their adaption to each individual case. The physician who has become an apt technician will have no need of reiteration of the basic principles of the subject, and will use such original methods and modifications as personal experience or tact may devise. With a new Therapeutic Method having distinct and prominent advantages, an explanation of principal and technique of application, is essential. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy.
