After losing her family to feral shifters, Dani dedicated her life to eradicating those responsible, almost reaching Agent status with Sigma. Uncertainty about the network, and questions about their purpose were plaguing her when she was tasked with a mission that would forever change her and send her running toward those she once sought to destroy. Mercurys past and unique looks kept him distant from people, including those of his own species. Then he captured a beautiful Sigma recruit who claimed to need his help while her scent claimed to be carrying his young. Bitter enemies brought together, they must rely on each other to keep Sigma from getting their hands on Dani, or the growing life inside of her. This item ships from La Vergne, TN. Paperback.
