Filesize: 9.38 MB

Reviews

The publication is simple in go through preferable to fully grasp. I am quite late in start reading this one, but better then never. It is extremely difficult to leave it before concluding, once you begin to read the book.

(Mrs. Josiane Collins)

GREECE: REVIEW OF THE CENTRAL ADMINISTRATION (PAPERBACK)

Organization for Economic Co-operation and Development (OECD), France, 2011. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Greece faces an immense, perhaps unique and increasingly urgent challenge. It needs to reform in depth, reconciling emergency measures with long lasting reforms. In the face of growing social and political discontent, the future crucially depends on the government's ability to link short term austerity measures with a long term vision and structural reforms aimed at restoring growth and improving the population's welfare. These reforms depend on a well functioning public administration. Strong measures, starting now, to improve the effectiveness, accountability and integrity of the public administration so that it is fit for purpose are a priority. The success of reforms such as privatisation, fiscal consolidation, debt reduction, tax collection and enhanced competitiveness is at stake. This report analyses the issues, sets out the evidence, and makes recommendations for moving forward rapidly to strengthen Greek public governance.
