Brand New Book ***** Print on Demand *****.There are many great books out there on varying topics of this magnificent industry. However, what is highlighted here is the fact that the industry belongs to all the talented artists. Financial and artistic success depends solely on their dedication, application and discipline exercised during the development of their careers. Again there are no trade secrets, shortcuts, get-rich-quick schemes, or so-called lucky breaks to enjoy financial and artistic success in this lucrative business. Persistent application of the basics in both practical and managerial areas is imperative. Although there may be many naysayers trying to distract your progress, positive energies and mastering the basics will produce the desired results. This book applies to all age groups, no matter when the music bug bites you.
