Blacks and Latinos have transformed the American city--together these groups now constitute the majority in seven of the ten largest cities. Large-scale immigration from Latin America has been changing U.S. racial dynamics for decades, and Latino migration to new destinations is changing the face of the American south. Yet most of what social science has helped us to understand about these groups has been observed primarily in relation to whites--not each other. *Just Neighbors?* challenges the traditional black/white paradigm of American race relations by examining African Americans and Latinos as they relate to each other in the labor market, the public sphere, neighborhoods, and schools. The book shows the influence of race, class, and received stereotypes on black-Latino social interactions and offers insight on how finding common ground may benefit both groups. From the labor market and political coalitions to community organizing, street culture, and interpersonal encounters, *Just Neighbors?* analyzes a spectrum of Latino-African American social relations to understand when and how these groups cooperate or compete. Contributor Frank Bean and his co-authors show how the widely held belief that Mexican immigration weakens job prospects for native-born black workers is largely unfounded--especially as these groups are rarely in direct competition for jobs. Michael Jones-Correa finds that Latino integration beyond the traditional gateway cities promotes seemingly contradictory feelings: a sense of connectedness between the native minority and the newcomers but also perceptions of competition. Mark Sawyer explores the possibilities for social and political cooperation between the two groups in Los Angeles and finds that lingering stereotypes among both groups, as well as negative attitudes among blacks...
