Forgotten Books, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Studies of the Cost of Maintaining a Family at a Level of Health and Reasonable Comfort Budgetary studies have two phases. The first is the determination of the standards and quantities of things necessary to maintain a family at a certain level of living. The second is to ascertain the cost of the items arrived at as necessary for the purpose mentioned. The determination of the quantity budget is of course the DEGREES more difficult. The pricing of the. quantity budget is a mere mechanical detail, involving nothing more than careful field work. The ultimate interest, however, lies in the cost of the budget. For the practical value of such studies is to ascertain in what degree a particular group of people are attaining the living standards set up, and this is most readily measured in terms of dollars and cents. On the other hand, it must always be remembered that the cost of a budget is a changing thing, fluctuating with the changes in prices, and that the tests of sufficiency or insufficiency are the items themselves, not...
