If your hands hurt, even simple tasks can become a painful ordeal. Arthritis can make it difficult to carry a shopping bag. Carpal tunnel syndrome can interfere with your work and hobbies. Hand or finger deformities can make basic self-care routines such as getting dressed difficult. This report describes the causes and treatments for many conditions that can cause hand pain, such as tendon injuries, ganglion cysts, and a disfiguring condition called Dupuytren's contracture. The special bonus section describes recent advances in artificial joint replacement, which holds promise for easing the pain and loss of function for people with severe forms of hand arthritis.
