DYNAMIC HOLOGRAMS IN AMORPHOUS SEMICONDUCTORS AND AZOBENZENE OLIGOMERS

Dynamic holograms in
amorphous semiconductors
and azobenzene oligomers

Hologram recording using sub-band gap radiation
from a theoretical and practical point of view

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | Hologram recording using sub-band gap radiation from a theoretical and practical point of view | Hologram recording using sub-band gap radiation is interesting from a theoretical and practical point of view. In this case, the spectrum part with low absorption is used, so the hologram is recorded also in the depth of the sample, not only on the surface. Organic materials are being actively researched as recording materials because they allow for...

Reviews

Merely no words and phrases to spell out. It is actually written in basic words and phrases instead of difficult to understand. Your way of life span will probably be enhanced as soon as you complete reading this article ebook.

-- **Lauren Quitzon**

A high quality book as well as the font applied was exciting to read through. This can be for all those who state there was not a well worth looking at. I discovered this ebook from my i and dad recommended this ebook to find out.

-- **Mr. Monserrat Wiegand**

A must buy book if you need to add benefit. It is actually written in basic phrases and never difficult to understand. I found out this book from my dad and i advised this publication to find out.
