Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.LONG HAUL FLYING is one of the most challenging, exhausting, expensive and exciting experiences anyone can ever have, but if you are new to it all, where do you start? This book is written by a frequent traveller and incorporates tips, support and advice from travellers and industry experts. This book will explore booking, preparation, packing, the airport, being airborne, advice for arrival and everything you need to know to survive a long haul flight across the world. First Edition Review: This work is a genuinely funny but ultimately practical guide to surviving the traumas of long haul flights, but it applies equally well to any length of air travel. The hints and tips are well thought out and come from years of flying experiences drawn from all over the world. I can thoroughly recommend this to anyone about to embark on a journey, whether a seasoned traveler or a first time flyer. In fact, I can recommend it even if you are never going to fly - some of the anecdotes and tips are priceless!.
