A SUMMARY OF CYBERSECURITY BEST PRACTICES

Createspace, United States, 2015. Paperback. Book Condition: New. 279 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.This report contains the results and analysis of a review of best practices and observations in the field of cybersecurity involving electronic control systems across a variety of industry segments where the safety-of-life is concerned. This research provides relevant benchmarks that are essential to making strategic decisions over the next steps for NHTSA s research program. This publication is part of a series of reports that describe our initial work under the goal of facilitating cybersecurity best practices in the automotive industry (Goals 1 and 2). The information presented herein increase the collective knowledge base in automotive cybersecurity; help identify potential knowledge gaps; help describe the risk and threat environments; and help support follow-on tasks that could be used to establish security guidelines.
