Createspace, United States, 2015. Paperback. Book Condition: New. 216 x 140 mm. Language: English . Brand New Book ***** Print on Demand *****.Political economics is what makes a society tick. The process has been under constant development since the beginning of history and is based on humans working as an organized team rather than a group of individuals. Unfortunately, our current misunderstanding of the subject has allowed people driven by greed to grow power through wealth and thus generate an inequality of opportunity. In *Our Lost or Stolen Political Economic System*, author Charles B. Parker discusses how the quality of opportunity coupled with individual initiative is-or at least was-the hallmark of the American political economic system and basis of the American dream. Using plain language, Parker discusses the system that was lost-or stolen-and offers suggestions on how the citizens of the United States might put things back on track. With chapters titled *Economics and the Constitution*, *The Miracle of the Capitalist Monetary System*, and *The Tragedy: The Unplanned Consequences of Mind Control*, this exceptional resource ties all of the basic elements together to provide a clear view of the different issues, theories, and beliefs that surround this complex and vitally important topic.
