## ORAL INSULIN DELIVERY USING BOVINE MUCIN

MOMOH MUMUNI  
Prof. Michael Umale Adikwu  
**ORAL INSULIN DELIVERY  
USING BOVINE MUCIN**  
Mucin was used as a delivering agent in oral insulin  
formulation

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | Mucin was used as a delivering agent in oral insulin formulation | The purpose of this research was to investigate whether bovine mucin has the potential to serve as an oral delivery agent peptide drugs like insulin. mucin was processed from the small intestine of freshly slaughter cow via precipitation with acetone,air-drying and pulvirized. The mucin so extracted was used for further study.The physiochemical viscosity and bioadheiveness property was assessed. Several ratio..
